City offers local websites a daily feed of 'Costa Mesa Minute' video show

COSTA MESA, CALIF.—The City of Costa Mesa has created a widget, or computer code, that will allow websites and bloggers to automatically receive the daily “Costa Mesa Minute” video news and information show.

The widget, available [here](#), was developed after several local websites expressed interest in running the city-produced show. The size of the “Costa Mesa Minute” widget can be modified to fit the layout of individual websites.

Hosted by Dane Bora and Christine Cordon, the “Costa Mesa Minute” features content from inside and outside of City Hall and is available on Time Warner Cable (CMTV Channel 24), AT&T U-Verse (Channel 99), [Facebook](#) and the [City's website](#).
