

The Fairview Park Tour & Train Ride

The City of Costa Mesa invites the community to a
summer afternoon tour of Fairview Park

Saturday, June 28, 2008
3:30 pm

This season's tour will feature an afternoon walk through the park, followed by a train ride courtesy of the Orange County Model Engineers. "Bug" Bob Allen, adjunct professor of Biology at both Santa Ana and Irvine Valley colleges, will lead the approximately 90-minute tour, and will identify our friends of the insect world that live throughout Fairview Park.

The Tour will meet at the picnic shelter at the Park's
westerly side. Please wear comfortable shoes.

For further information, please call
the Fairview Park Hotline at

(714) 754-5698

or visit the website at
