

Fairview Park Winter Tour

**Saturday, February 26, 2005
9:30 a.m.**

Join the Fairview Park Friends Committee on a guided tour through the vernal pools, the sole habitat for the endangered San Diego Fairy Shrimp. See how these revitalized ecosystems support indigenous crustaceans, native plant-life and migratory birds.

We will meet at the picnic shelter on the park's westerly side.

**2525 Placentia Avenue
Costa Mesa**
